

FLOODING & DRAINAGE

Reference Guide
for Manatee, Sarasota, DeSoto and
Charlotte counties

Drainage complaints or issues related to:

- Stormwater management systems (i.e. retention ponds, swales, etc.) in District-permitted projects constructed after October 1, 1984 (You may also contact the subdivision's homeowners association)
- Wetlands and/or activities with wetland impacts where the activity falls within a District-permitted project
- Watering violations or improper watering and runoff (you may also contact your local law enforcement agency)
- Agriculture and larger water users
- Subdivisions and mobile home communities owned by a single entity
- Unauthorized pumping

***Contact the Southwest Florida
Water Management District for
further information.***

Roadway flooding or drainage problems related to:

- Lack of maintenance of ponds, swales, ditches, cross drains and culverts within the right-of-ways on county-maintained roads
- Emergency pumping to protect the health, safety and welfare of the general public
- Flooding and/or drainage complaints that involve runoff from county roadways, ditches or easements

Flooding not associated with roadways related to:

- County easements or right-of-ways
- Home flooding and emergencies determined by the Board of County Commissioners
- Emergency pumping to protect the health, life, safety and welfare of the general public

Contact Manatee, Sarasota, Charlotte or DeSoto County respectively for further information.

Drainage complaints or issues related to:

- Single-family homes, not a part of a larger District-permitted subdivision without a Homeowners Association or management entity
- Lakes, streams and other waters of the state
- Water quality issues, i.e. groundwater contamination, illegal dumping of chemicals, etc.

Contact the Florida Department of Environmental Protection for further information.

Drinking water, septic-related issues and water quality concerns:

Contact the Florida Department of Health for further information.

Drainage and flooding within city limits:

Contact your local municipality.

Questions about jurisdictional responsibilities related to:

- Projects constructed after 1984
- Agricultural-related projects
- District-maintained structures and canals
- Wetlands not associated with single-family residential
- Unpermitted building construction
- Dewatering
- Water restrictions or violations
- Surface water and groundwater withdrawals
- Well construction

Contact the Southwest Florida Water Management District.

This document is not intended to represent all rules and regulations of Manatee County, Sarasota County, Charlotte County, DeSoto County, Florida Department of Environmental Protection or the Southwest Florida Water Management District relating to flooding and drainage issues. It is intended as a guide to the most frequently asked questions. If you have additional questions regarding rules and regulations, contact the appropriate agency.
